

# ACL Team Names

*Team names should be unique and subject to review by ACL for acceptable names*

## Team Name Rules

- Each team in the league should have an approved **unique name** (Example: Eagles, Warriors, Royals, etc.) as part of team name. Any club with multiple teams could also use a club name along with the unique name (Example: Kalinga Knights, Kalinga Kaisers)
- Any team with a sponsor could use sponsor name before team name in that calendar year (Example: Patel Brothers Kalinga Knights)
- Teams could use any team names previously used by other teams if the previous team name is not in use either for a full calendar year or with an approval from previous team
- Teams could also use following variations as part of team name either as prefix or suffix to the approved unique name
  1. Comparison based Adjectives (Mighty, Super, United, Master, etc. **Example:** Mighty Indians)
  2. Color based Adjectives (Green, Golden, Purple, etc. **Example:** Golden Eagles)
