

ACL Concussion Policy – Alignment Note

This document confirms that the ACL Concussion Policy – Recreational & Amateur Cricket:

- Is informed by International Cricket Council (ICC) Concussion Management Guidelines
- Is adapted appropriately for community, recreational, and amateur sport
- Prohibits same-day return to play
- Mandates immediate removal when concussion is suspected
- Includes youth-specific safeguards
- Emphasizes education, reporting, and conservative return-to-play

The policy reflects generally accepted best practices recognized by national governing bodies, insurers, and amateur sports risk management frameworks in the United States.

This alignment note is provided for governance, insurance, and compliance purposes and is not intended for public distribution.
